

The Future of Privacy: The Role of Data Subjects Data Controllers and DPAs

Computers, Privacy & Data Protection Conference
30 January 2010
Jacob Kohnstamm

Data subjects:

- More transparency
- Class actions
- Complaints procedures & ADRs

Data controllers:

- Compliance
- Accountability
- Move away from consent

Accountability:

- Privacy policies
- Complaints procedures
- Privacy breach notification
- Privacy Impact Assessment
- Ensuring implementation & verification, remediation and enforcement

DPAs:

- Supervision at national & EU level
- No individual complaints handling or advice
- Only legislative advice
- More enforcement & powers
- More staff & funding
